

System Administrator (m/f/d)

Cuculus is the key to providing utilities to all, while protecting the world's precious resources. Jointly with our international partner network, we provide cutting-edge software and technology solutions to address utility challenges now and in the future. Cuculus will never tire of creating innovative technology and services that enable utilities and organizations to successfully transition to a new era of providing and managing electricity, water, and gas. The work we do is important for individuals, cities, and entire nations. Our work is serious, but we have fun with it, too.

Shape the energy market of the future with us.

Join our team in Ilmenau, Leipzig, Erfurt or remote in full- or part-time as System Administrator (m/f/d).

What is the role about?

- Administration and further development of a heterogeneous IT infrastructure: your area is Windows 2019 server systems, as well as Windows 10 desktop systems
- Support in server administration and user management via LDAP under Linux and Windows Desktop
- Ensuring the trouble-free operation of IT systems and application software
- Administration of Office 365 and Exchange
- Design, selection, optimisation and further development of system software and hardware configurations
- Maintenance of internal IT documentation
- IT support and user training

You fit in with us, if...

- you have good to excellent knowledge of Windows Server and Windows Desktop systems and you are familiar with the setup of client systems under Windows 10 and the setup of Windows servers in the local network and as a cloud service.
- you already have some experience in dealing with directory access (LDAP, Active Directory) as well as with the administration of Office 365 and MS Exchange.
- native understanding of IT and experience in dealing with heterogeneous infrastructures are among your strengths.
- you have completed training as an IT specialist, state-certified technician or comparable training or are a career changer with the relevant professional experience.
- you ideally already have practical knowledge in the administration of Atlassian products (Jira, Confluence)
- you have a good knowledge of written and spoken English (our company language in daily use is English! - must-have), German is a plus.

What's in for you:

- Working with exciting technologies and the chance to really make a difference and see your ideas grow into real products.
- Being part of a multinational team with excellent expertise and knowledge in a highly exciting market environment.
- Our offices are equipped with modern facilities and there is always fresh fruit and drinks free of charge. - You want to work from home from time to time? That is also fine!
- We support you in your personal and professional development. We also organize regular workshops and team events for you and your friendly, open and helpful colleagues across all departments
- An unlimited employment contract with fair conditions and flexible working time models - without any ifs and buts.

Sounds interesting? Great, let's get to know each other!

Send your application to jobs@cuculus.net - let us know why we could be a great match!
