

IT Project Manager (m/f/d)

French and English speaking

Cuculus is the key to providing utilities to all, while protecting the world's precious resources. Jointly with our international partner network, we provide cutting-edge software and technology solutions to address utility challenges now and in the future. Cuculus will never tire of creating innovative technology and services that enable utilities and organisations to successfully transition to a new era of providing and managing electricity, water, and gas. The work we do is important for individuals, cities, and entire nations. Our work is serious, but we have fun with it, too.

Shape the utilities market of the future with us. Join our team preferably in Africa (Ivory Coast) or in one of our offices in Leipzig, Erfurt or Ilmenau, or work remotely as full time / part time IT Project Manager (m/f/w).

What is the role about?

- Planning and monitoring the project execution process with partners and customers all over the world on interesting energy projects.
- Manage relationships with project stakeholders, keeping them informed on the progress and issues of all project requirements and deliverables.
- Coordinating resources, provide monthly reports about project health status.
- Representing the company on fairs and exhibitions to explain how energy projects are rolled out.
- Contributing to development of our internal processes and systems to ensure information flow but also employee satisfaction.

You fit in with us, if...

- you have at least 5 years of professional experience in project management of complex projects – ideally in IT section,
- you are passionate about working with people from different cultural backgrounds in a technologically challenging market environment,
- you have strong communication skills, a real team player mentality and an open-minded, warm personality,
- you can fluently communicate in French with customers and partners and in English with your colleagues within Cuculus,
- you are willing to travel from time to time to support our customers directly on site.

What's in for you:

- Working in our Project Execution Team, you can expect diverse and exciting topics in project management of an internationally acting and constantly growing technology company.
- The chance to really make a difference and see your ideas grow into real projects.
- A permanent employment contract with fair conditions and flexible working hours and the possibility to work from home - no ifs and buts.
- A pleasant, informal and open working environment with modern equipment, fresh fruit and drinks for free as well as regular team events and workshops.

Sounds interesting? Great, let's get to know each other. Send your application to jobs@cuculus.net and let us know why we could be a great match!
