

IT Project Manager (m/f/d)

Cuculus is the key to providing utilities to all, while protecting the world's precious resources. Jointly with our international partner network, we provide cutting-edge software and technology solutions to address utility challenges now and in the future. Cuculus will never tire of creating innovative technology and services that enable utilities and organisations to successfully transition to a new era of providing and managing electricity, water, and gas. The work we do is important for individuals, cities, and entire nations. Our work is serious, but we have fun with it, too.

Shape the utilities market of the future with us. Join our team in Leipzig, Erfurt or Ilmenau or work remotely full time / part time as IT Project Manager (m/f/d).

What is the role about?

- Planning and monitoring the project execution process with partners and customers all over the world on interesting energy projects.
- Manage relationships with project stakeholders, keeping them informed on the progress and issues of all project requirements and deliverables.
- Coordinating resources, provide monthly reports about project health status.
- Representing the company on fairs and exhibitions to explain how energy projects are rolled out.
- Contributing to the development of our internal processes and systems to ensure information flow but also employee satisfaction.

You fit in with us, if...

- You have at least 5 years of professional experience in project management of complex projects – ideally in the IT section.
- You are passionate about working with people from different cultural backgrounds in a technologically challenging market environment.
- You have strong communication skills, a real team player mentality, and an open-minded, warm personality.
- You are fluent in English - German or/and French is a strong plus but not a must.
- You are willing to travel from time to time to support our customers directly on-site.

What's in for you:

- Working in our Project Execution team, you can expect diverse and exciting topics in the project management of an internationally acting and constantly growing technology company.
- Flat hierarchies and the chance to really make a difference and see your ideas grow into real projects.
- A permanent employment contract with fair conditions and flexible working hours and the possibility to work from home - no ifs and buts.
- A pleasant, informal, and open working environment with modern equipment, fresh fruit, and drinks for free as well as regular team events and workshops.
- Other benefits including e.g. day-care allowance, bike leasing, and company pension scheme.

Sounds interesting? Great, let's get to know each other. Send your application to jobs@cuculus.net and let us know why we could be a great match!
